

E.M.M.A. INTERNATIONAL

Global Compliance at Your Fingertips

E.M.M.A. International Consulting Group, Inc. is a global leader in management consulting services, with headquarters in Farmington Hills, MI, as well as offices in FL & PA. The company focuses on quality, regulatory, and compliance services for the Biotechnology, Pharmaceuticals, and Medical Device industries.

The life sciences industry is journeying toward innovative technologies like 3D printing. What was once

Carmine Jabri, Co-founder, President & CEO

science fiction, isn't fiction anymore. There are now more efforts made in preparedness. The patient-centric culture is also evolving. E.M.M.A. International

contributes to improvement by remaining involved with organizations on the national front such as MDMA (Medical Device Manufacturers Association).

E.M.M.A. International Consulting Group provides a wide array of specialized services, backed by extensive knowledge and industry experience. E.M.M.A. International Associates are innovative and focused on addressing your needs. They do not merely render advice, outsource their talent, or provide "cookie cutter" solutions, as many consulting firms tend to practice. They do not "leave you hanging" with a process or system that is foreign to your organization and ultimately becomes unworkable. Their mission is to provide significant value to your operations and leave you completely satisfied that your expectations were fulfilled. E.M.M.A. International Associates work within your corporate culture and alongside your employees to do the "heavy lifting" required to make improvements meaningful and permanent.

The Driving Force of E.M.M.A. International

As **co-founder** of E.M.M.A. International, Dr. **Carmine Jabri**, serves as E.M.M.A. International's **President and CEO**. Dr. Jabri is an experienced Healthcare and Quality Assurance professional with more than twenty years of experience implementing, improving and directing Quality Management Systems and Healthcare Operations.

His career includes expertise in the Pharmaceuticals and Medical Device industries. Dr. Jabri's extensive knowledge of regulations and guidelines, coupled with his training and facilitation skills, help him lead the team

of E.M.M.A. International to help organizations improve their quality management systems, reduce costs, reduce errors, and comply with federal, state, and international standards and regulations. Dr. Jabri is an internationally sought-after quality systems expert.

The team of E.M.M.A. International wanted to create a company that provided a true management consulting experience for the Life Sciences industry.

E.M.M.A. International's Services

FDA Compliance: Keeping up with the constantly changing regulatory world is a daunting task.
